

Don't Get Grounded

*Reliable Shipping Solutions
For Aircraft-on-Ground Emergencies*

Our specialty is mission critical transportation solutions. We offer the fastest, most reliable delivery available anywhere.

A grounded aircraft eats up profits and generates no revenue. You need to get this multi-million dollar asset out of the hangar and into the air. Our business is delivering your critical parts in the fastest time possible. Whether it's an Aircraft-on-Ground (AOG), replenishment, spare, loan, or borrow, Axis Global Logistics has the right solution to your problem.

Since 1982, the professionals at Axis Global Logistics have provided shipping and logistics support for AOG emergencies. Our specialty is Mission Critical Transportation Solutions. We offer the fastest, most reliable delivery available anywhere.

A Focus On Critical Shipments For AOG Emergencies

24/7/365 Operations

Call us any time of the day or night and get immediate attention from an Axis shipping specialist. Aircraft never stop flying, so we never stop working.

No Restrictions

We handle all shipments, including hazardous materials – any size, any weight.

Global Point-to-Point Service

On-time, accurate, secure shipments to any location around the world.

Full Range of Delivery Options:

- Expedited ground. Immediate dispatch. Nationwide network of delivery partners, including specialized equipment.
- Next flight out. Includes pick-up and final delivery.
- Air charter. Worldwide access to a variety of aircraft.
- On-board courier. Parts travel with a dedicated courier who checks parts as baggage or carries them onto the plane.

Real-time Shipment Status

With Axis, you're never in the dark about the status of your shipment. We'll confirm pickup, flight routing, flight status, recovery, and delivery, either by direct communication or via AxisTrak – our online tracking and visibility tool.

Immediate Proof of Delivery Confirmation

By telephone, automated e-mail alert, or via AxisTrak.

Customs Administration

As experienced international shippers, we'll manage clearance and all required customs paperwork for country-to-country shipments.

Axis Global Logistics Advantages

Experience in AOG support

When it comes to AOG emergencies, there is no room for shipping errors or delays. Our proven shipping process gives you peace of mind when you need it the most. All steps are meticulously monitored, including pick-up, tender to the carrier, on-board confirmation and final delivery;

Single Source Solution

We're not one piece of the expedited shipment puzzle. We're all of them. One call to Axis and it's taken care of – from pick-up to POD. If your requirements extend to warehousing and inventory management of critical parts, we can establish inventory points and manage storage, order processing and delivery as an integrated service;

Advanced Systems

Axis maintains state-of-the-art order management, inventory management and transportation management systems that are all web-enabled;

Online Monitoring of Shipments and Inventory

Our AxisTrak system gives you two-click access to shipment and inventory status via the Axis Global web site;

Personal Service

Axis is an owner-managed company. When a critical issue needs to be addressed, you can speak with a key decision-maker at Axis at any time of the day or night.

Every minute your aircraft is grounded means lost revenue. Don't take chances with your business. Trust your next critical delivery to the experienced shipping professionals at Axis Global Logistics – the AOG specialists.
